

# ADVANCED SERIES IN2139WU

## WUXGA - 4500 LUMENS - 16:10 Aspect Ratio

Superior lens performance, brighter-than-ever images, comprehensive networking capabilities, and room-filling internal audio -- all in a projector designed to work seamlessly with the devices you're already using.

### Features

#### Customize your projector using TechStation

Connect your EZCASTPRO, Google ChromeCast, Amazon FireStick, Android TV, and others, the TechStation superpowers your projector and enables more effective learning by working seamlessly with the tools you already use. After connecting your device, close up the TechStation's lid to create a streamlined, all-in-one solution for streaming audio and video.

#### High Brightness

Get better, brighter images on any surface, in any light. The LightPro Advanced DLP Series Projector has up to 4500 lumens.

#### Quietest Projector in its Class

Make sure students always hear the lessons, not the fans. With only 21dB in eco mode, the LightPro Advanced DLP Series Projector was designed to be quieter, with Smooth Flow fan technology, a cooling-efficient enclosure, and silent bearings.

#### Industry-leading Lamp Life

The LightPro Advanced DLP Series Projector features up to an unprecedented 15,000 hours of lamp life when used in Dynamic Mode. With no filters to replace, these projectors are an unbeatable value.

#### Triple HDMI

An extra HDMI connection allows for multiple digital sources to be connected avoiding the need to change cables.

#### Zoom

The zoom ratio adds flexibility for installations using pre-existing mounts. Adjust the zoom to create the perfect image in the same space.
